Evaluation Result			

Speak to your Post Chief or the Chief Training Officer once you have fulfilled all the above events and they will look for a suitable event to give you an evaluation.

You could be required to do various roles during the day to ensure that your evaluator is happy that you can cope with all aspects of marshalling

The Post Chief/Chief Marshal does not have to fill out the form, if in his opinion the day was too quiet to warrant any evaluation of your actions for the day.

The onus is on you to give this form to the senior marshal for the day in the morning so that they are aware that you are to be evaluated for the day and to ensure that you get this form back from them at the end of the day.

The minimum time to achieve grade 2 is 8 months, but is dependant on your enthusiasm and the approval of the Chief Training officer and Chief Marshal.
